

Gillian Allan

Architect / Director
BSc (Hons), BArch, ARB

Biography

Gillian joined the practice in January 2008 to assist in managing the Glasgow studio's ongoing expansion. Currently her main responsibility is to drive the practice's delivery and profile. Qualified since 1995, she has developed a substantial portfolio in healthcare design and client management, working on a wide variety of primary care developments across Scotland. Gillian was Chairman of Women in Property Central Scotland in 2001/2002.

Gillian's strong commercial background, having worked in retail and shopfitting has contributed to her delivery of a more rounded approach to healthcare design. Her excellent communication skills, attention to detail to maximise design efficiencies, determination to drive teams forward to achieve efficient sign-offs and structured approach to change control has ensured a proven track record in delivering sensitive and commercially aware solutions.
