

Gerry Grams

Architect

Prof. B. Arch. Dip. Arch. FRIAS

Biography

Gerry has worked as an architect and urbanist in Glasgow for over thirty years. In both private and public sectors, he has gained a reputation as a trusted and considered designer in fields ranging from domestic residential to urban regeneration. He has also spent time in both Glasgow schools of architecture participating in teaching, sharing his knowledge in the formation of the urban environment.

Between 2005 -2014 Gerry was Glasgow's first City Design Advisor charged with improving design excellence on the city's initiatives in architecture and urbanism.
